# About us

## Introduction

Machinery Hof GmbH is your reliable partner for the supply of technical spare parts, integrated engineering solutions and high-quality raw materials.

With a wide range of products including spare parts for cold milling machines (milling drums, cutting tools), road pavers (screed plates, auger blades), filtration technology (hydraulic, air and fuel filters) and central lubrication systems (lubrication pumps, distributors, lubrication lines). we cover key areas of construction machinery maintenance.

Our company stands out thanks to its extensive storage capacity, the fastest possible logistics and comprehensive quality assurance. We supply both OEM and high-quality aftermarket parts, thereby optimising the maintenance of your machinery.

# Key features

## Functions

- ✓ Extensive warehouse capacity
- ✓ Fastest possible logistics
- ✓ Wide range of products (OEM & aftermarket)
- ✓ Comprehensive quality assurance
- ✓ Optimised maintenance

## Our core product segments

| Category                        | Components                                    |
|---------------------------------|-----------------------------------------------|
| Cold milling spare parts        | Milling drums, milling picks                  |
| Pavement paver spare parts      | Plank plates, screw blades                    |
| Filtration technology           | Hydraulic filters, air filters, fuel filters  |
| Centralised lubrication systems | Lubrication pump, manifold, lubrication lines |

# Benefits for your business

- Reduced machine downtime.
- Cost-effective spare parts (original and aftermarket).
- Reliable logistics – available round the clock.
- Durable, high-quality components.
- Expert engineering advice.
